DANGER PERIOD OF WOMANS' LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N.C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute anything towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N.C.

The Case of Mrs. Kirlin.

Circleville, Ohio—"I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. "Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape untold pain and misery at this time of life."—Mrs. ALICE KIRLIN, 358 W. Mill St., Circleville, Ohio.

The Change of Life is one of the most critical periods of a woman's existence. At such times women may rely upon Lydia E. Pinkham's Vegetable Compound.

A WARNING TO MANY

Some Interesting Facts, Regarding Health Statistics

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1910, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root the great kidney, liver and bladder remedy.

The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.

Public Sale of Land AND PERSONALTY

As executor of James Robinson, deceased, I will sell to the highest and best bidder at his late residence near Hubble in Lincoln county, Ky., on

THURSDAY, SEPT. 12, 1912

The following personal property and real estate. The sale will begin promptly at 10 o'clock A. M. The farm is composed of about 265 acres and is about five and a half miles from Danville, and about five and a half miles from Stanford, and is divided into tracts by the old Danville and Lancaster turnpike with about 170 acres in one tract, and about 95 in another.

This is an unusually well watered farm, the land lying practically level and is all under good fence. The farm will be offered in two tracts and then as a whole and the highest and best bid will be accepted. This farm is unexcelled in central Kentucky in its fertility, beauty and convenience. What is known as the home tract has been used almost exclusively for a stock farm for fifty-seven years, about sixty five acres in virgin soil in blue grass, with some very fine sugar trees, walnut and ash timber. About sixty acres has been in blue grass about fifty years, without being plowed and the remainder of the place has been plowed only a few times in fifty years.

The home place is watered by six never failing springs, two wells, one good pond, and a large cistern. There is a large residence, a good stock barn, and a tenant house on the home place.

TERMS.—One third cash, one third in one year, one third in two years. Notes will be required and a lien retained upon the land notes bearing interest at the rate of 6 per cent from the date of the sale.

Anyone desiring to look at this farm will call upon either J. E. Robinson, at Lancaster, J. A. Robinson, Jr., John C. Robinson, Danville, Ky., who will take pleasure in showing it. This will be sold without reserve or hybrid to the highest and best bidder. This is a rare opportunity to obtain one of the best farms in the blue grass of Kentucky.

The following is a part of the personal property: Twenty six 1,200 pound cattle, quality good, five good milk cows, grade herefords, two good grade hereford heifers, one short horn bull, three calves, sixty stock ewes, one pair of aged work mules, one five-year-old mule, one four-year-old mule, five coming four-year-old mules, all well broken and good ones, three two-year-old mules and well broken, two brood mares, one mare mule colt, and twenty five stock hogs. Also about four hundred bales of hay, one Vulcan mow, good as new, one cutting harrow, one McCormack binder, good as new, two two-horse wagons, two drag harrows, one slide and other farming implements too numerous to mention, also about 30 acres of corn.

Dinner served on the grounds. Any further information call on J. E. Robinson, Atty. Lancaster, Kentucky.
